First Leadership Equipping Course Finishes Soon

With just two more sessions to go and after two years of extensive study, our first course delegates are on their final lap and are close to crossing the finishing line!

We have covered an extensive set of leadership topics that have challenged and tested our call, sharpened our cutting edge and transformed our lives.

For two sessions during the first year, we received excellent teaching from guest speakers Dr Alan Stephenson (CEO of The Joshua Foundation) and Rev Rodney Francis (CEO of The Gospel Faith Messenger). Both speakers made significant contributions towards the goal of the Caleb course, which is to facilitate the transformation of our thinking and therefore our identity.

During the second year, Neil King also gave very helpful practical teaching and advice on two occasions for which we are very grateful.

All participants who have completed at least 75% of the course, will receive a Certificate of Completion in December presented by

Pastor John Bullock and Martin in front of The Gatehouse Church.

We are now getting ready for the next course due to begin in January 2008.

If you would like to join us for part or all of it, please contact us soon.

Launching 'Caleb Select' & Our Website!

An interactive time during one of the Caleb Select courses

Caleb Select:

Last January, Sporting Marvels made good use of the Caleb Select offer by using it to deliver part of their workers' training.

Caleb Select allows churches and ministries to select any or all of the Caleb leadership

courses. In this way, they can tailor make a leadership programme that suits their needs.

We travel to the venue of their choice and deliver the programme that they have selected.

To find out more, request a brochure, or

book a course for your leaders, please get in touch with us. See Contact Details.

The Caleb Website:

Our long awaited website is now under construction and will be launched the middle of September. Check out www.caleb.org.uk then!

Caleb Freedom takes us in to ‘Second Gear’!

Last September, a visiting speaker prophesied over us that the Lord was going to take us from 1st and into second gear as a ministry. We feel that launching the Caleb Main course in 2005 was our ‘1st gear’ phase, but in January 2007 we launched both Caleb Select and also Caleb Freedom.

While on a flight to Tanzania last October, John Bullock and I were talking through the fact that so many people need to be taught on how to access the freedom that Jesus died to bring us. Many of us—including leaders, suffer problems that originate from lie-based thinking that was injected into our psyche in the past, pro-

ducing strongholds in our minds. These so often express themselves in insecurity, fears, besetting sins and the like.

“I send you to open their eyes and turn them from the darkness to the light and from the power of Satan unto God.” Acts 26:18

The 6 sessions long Caleb Freedom course was designed to combat this and help set people free.

As such, for the past 8 months we have been touring around all the cell groups in our church, delivering this course and we have seen many people set free for the glory of God.

It has been so encouraging hearing testimonies from people who have struggled with major internal issues for years. Once the light of God’s word of love enters the darkness of their memory pain, healing takes place and a wonderful freedom is experienced.

We will complete the last two cell groups by the end of the year and then hope to offer the course to other churches and ministries.

Taking Caleb 14:24 Overseas

Last June, we flew to **Poland** to take part in a pastor’s conference in a town called Koszalin. Working through two interpreters, Martin delivered a message on ‘Jesus our refuge in the storm’ and several pastors from Bella Russia and further afield came forward to receive ministry afterward. It was a great time.

In October, we are flying out to

the **USA** for 2½ weeks. The first half of our time there will be spent celebrating our 30th Wedding Anniversary visiting New England in the Fall and then the

Niagara Falls near Toronto. The second half we are ministering in Kentucky to a large church and to a group of leaders.

January next year we hope to deliver some of the Caleb material to leaders in **Tanzania** as part of a Sporting Marvels initiative over a 3 week time period.

Please pray for favour and safety.
